As a software engineer, I help companies find technical solutions to maximize their potential. I apply my former experience in technical sales and management at thriving software startups to find creative solutions to complex problems. My intellectual curiosity and willingness to learn from others has helped me while working on collaborative projects across teams and regions.

SKILLS:

- **Programming Languages:** JavaScript, Ruby, HTML5, CSS3
- **Platforms & Frameworks:** React, NodeJS, Express, Bootstrap, Mongoose, Rails, Git, GitHub
- **Databases:** MongoDB, PostgreSQL, SQLite
